Kia Ora

ADMINISTRATION

As the initial point of contact for children and families coming into preschool I aim to be a warm and welcoming line of communication between whanau and teachers. I believe it is very important for children and families alike to feel comfortable and at ease here in the Akoranga environment. As a mum of three I believe children thrive when they feel supported, safe and understood. I hope I can contribute to their sense of belonging by being a positive and friendly face for them as they travel on their learning journey, It is a privilege to get to know your wonderful children and greet family and visitors coming into the centre.
